

The diagram shows a large square with a light gray background. In the top-right corner, there is a dark gray rectangle labeled "15 x 15". This rectangle is composed of four smaller, overlapping 5x5 squares. The top-left square of this group is a medium gray, the top-right is a darker gray, the bottom-left is a very dark gray, and the bottom-right is the darkest gray. The text "15 x 15" is written in white in the top-right corner of the dark gray area. The rest of the large square is light gray, with the four 5x5 squares of the top-right group being the only dark gray areas.
